

WHY FLIGHTSPEAKERS

Built for how brands **actually** book speakers today.

Most bureaus run on rolodexes, gut feel, and PDF one-sheets. We don't. Here's the difference.

	FLIGHTSPEAKERS	TRADITIONAL BUREAUS
Audience data	✓ Verified audience intelligence on every speaker — reach, demographics, engagement, region-level performance.	✗ A bio, a showreel, and a fee. You're booking on vibes.
Speed	✓ Shortlist in 24 hours. Direct line to the team that manages the talent.	✗ Days of back-and-forth through layers of agents and assistants.
Roster strategy	✓ Curated, not commoditised. We represent talent we actively work with — not a directory of 5,000 names.	✗ Wide catalogues, thin relationships. Most bureaus have never met half their roster.
Content & creative	✓ In-house production from the team behind The Diary Of A CEO. Sizzle reels, briefing decks, custom content built around your event.	✗ A speaker headshot and a paragraph bio.
Booking experience	✓ One point of contact, end-to-end. From first enquiry through to post-event wrap.	✗ Handed off between sales, contracts, and logistics. You re-explain yourself three times.

	FLIGHTSPEAKERS	TRADITIONAL BUREAUS
Post-event value	✓ Performance recap, audience reach data, content amplification across the speaker's channels.	✗ Invoice sent. Relationship ends.
